NEW YEAR GREETINGS to all

Methodists Are Called To Prayer, Dec. 31

Observations...

By the Editor

Happy New Year

Is the sincere wish of the publisher and his staff to all of you for the coming year . . . and may it bring us PEACE and the return to our way of life.

The New Year is, of course, the time for resolutions; and it is our hope that our government will resolve to take care of, and make preparations for, the protection of its people, and stop the assinine policy of feeding and attempting to police the world. It is time to tell the nations of the world we are going to protect ourselves and they must take care of themselves and stay on the other side of the fence. A policy of this type will cause us far less trouble and make for us far less enemies.

And while on the subject of resolutions, let us hope that our Mayor and Commission Council will resolve to do something about our streets at an early date, and that they will give us a much improved water system which will eventually lower our insurance rates. The Board of Supervisors will resolve to repair the seawall before another hurricane comes our way. That our businessmen will resolve to work in unison for the good of our county, and that every effort will be made to make Bay St. Louis the trading center for Hancock County. That our postmaster will resolve that by this time next year we will have rural routes emanating from this county to serve its people. And let us all remember that we too can make some resolution to aid in the civic enterprises which will redound to community good.

Midnight Mass will be celebrated in Bay St. Louis at the churches of Our Lady of the Gulf and St. Rose de Lima on New Years Eve. The intention of the Mass will be for peace, and is being said throughout the world at the request of the Holy Father, Pope Pius XII. Adoration and the special prayers for peace and the Mass will be said during a two hour period.

The congregation of the Main Street Methodist Church will join with other members of their denomination throughout the country Sunday, December 31, in a national mid-century prayer for peace. The call for special prayer came from the Methodist Council of Bishops and the churches Board of Evangelism.

Bay High To Play In Candy Bowl

The Pee Wee and Junior football teams of Bay High will play in the fourth annual Candy bowl in New Orleans, Saturday, December 30, at 2:00 p. m. in the Milne Stadium. The Pee Wee game will be the first one on the schedule, followed by the junior team.

This is Bay High's first invitation to a bowl. There will be no admission charges.

The Pee Wees, to date, won five of the six games played this year. They defeated St. John's Gulfport, G. C. M. A. in both games, Notre Dame, Biloxi and Pass Christian; they were defeated by Notre Dame.

The Juniors won all of their six games. They defeated G. C. M. A. in both games; St. John's, Notre Dame of Biloxi in both games; Ocean Springs

Local Methodists will join Sunday, December 31 with the denomination's nearly nine million members in a national mid-century prayer for peace, it was announced today by the Rev. H. Bufkin Oliver, pastor of the Main Street Methodist Church.

He said the call to special prayer was sounded by the Methodist Council of Bishops and the church's General Board of Evangelism in view of "the exceptional grave condition of the world today."

UNITE IN PRAYER

In a letter to pastors of 42,000 Methodist churches, the board urged every congregation to unite in "a chain of prayer on Mid-Century Sunday, beseeching God's guidance in converting a world crisis to a just and lasting peace."

Declaring that "mankind's hope for freedom is in desperate jeopardy," the plea for prayer coincided with a similar request by the president of the new National Council of Churches, Episcopal Bishop Henry Knox Sherrill, of New York. He urged all Protestants to offer prayers on December 31 for "a peace which is the fruit of righteousness."

"PRAY FOR LEADERS"

The letter to pastors, stressing individual and group participation, stemmed from the following call by Methodist bishops:

"With a sense of deep urgency we call our fellow Methodists and all others who will to join us in special prayer:

"Let us pray daily for the leaders of our country and of the United Nations, that God will give them wisdom and courage to seek and to do his will. "Let us pray for all who are under the shadow of war; for those who do battle for us . . . the homeless, the hungry, the children. Let us pray for our enemies that God may lead them in the way of righteousness and peace."

Missing In Action

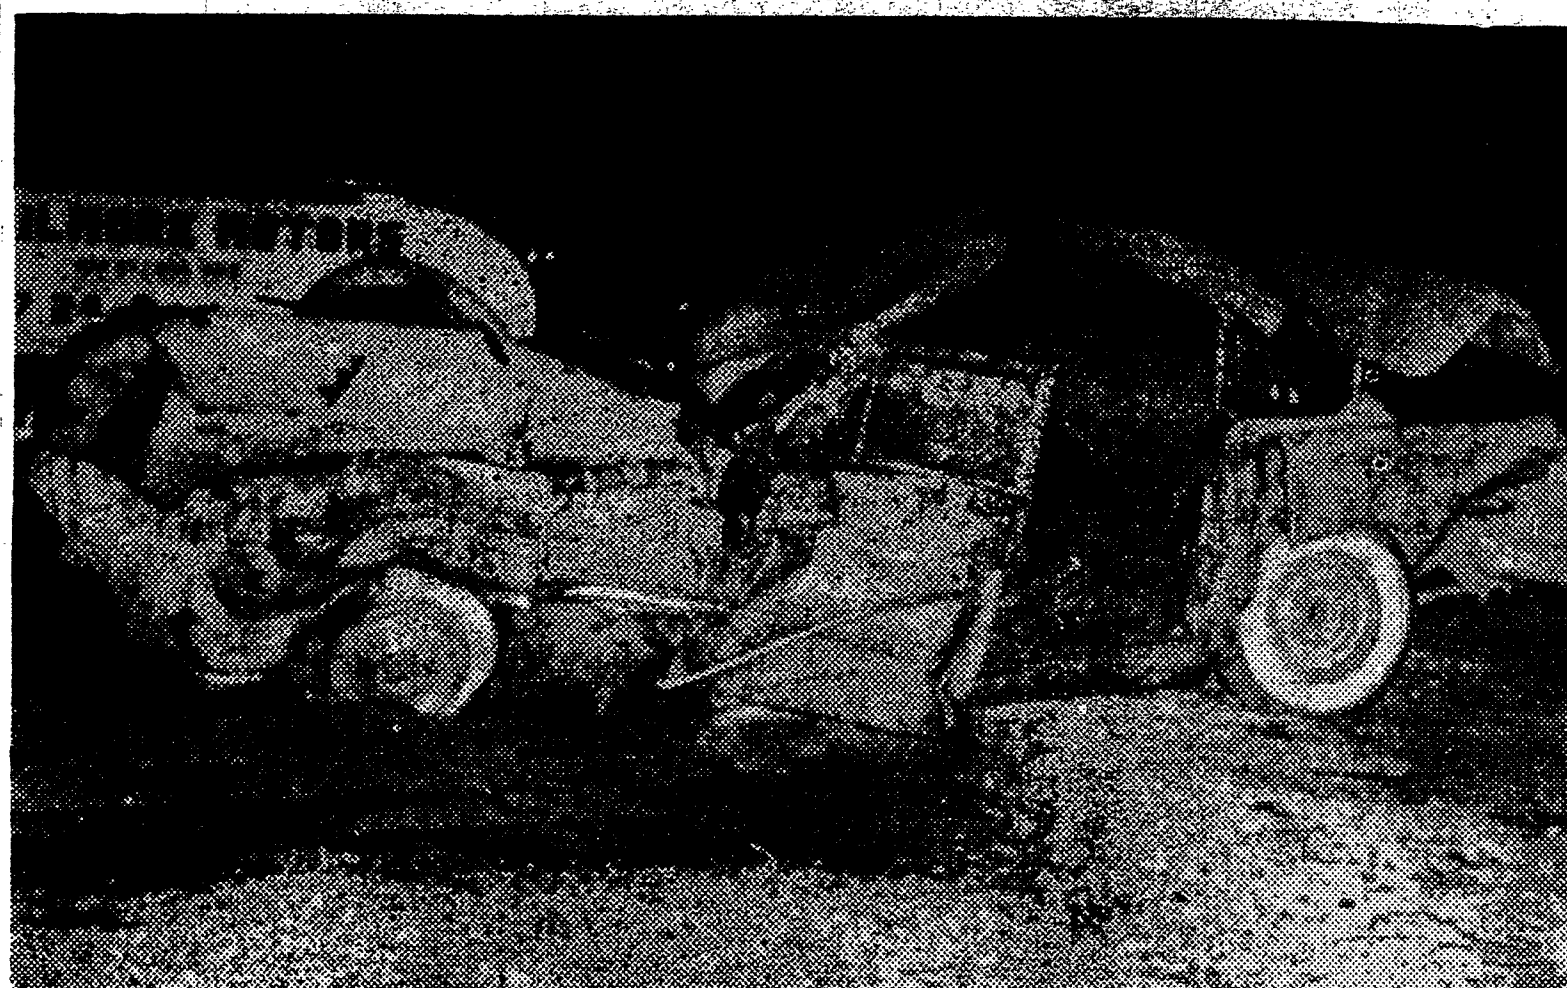

Major Frederick Carlton Price, husband of the former Helene Coward of Bay St. Louis, has been reported missing in action since November 30.

Major Price, who was stationed in Korea, was reported wounded in action in the early part of October; he was serving around the Nakton River in Korea at that time. He was taken to a hospital in Japan, and upon his release, he was placed in active duty.

Major Price, a native of Columbia, Mississippi, was a plans and operations officer of an engineer combat battalion with the Second Division.

Baptist Church To Have Services; Pray For Peace

The Baptist Church will hold services Sunday, December 31, in keeping with the last day of the year; the day will be designated as a day of prayer for Peace which is being observed in churches throughout the nation.

Five persons were seriously injured when they failed to make "Deadman's Curve," on Mississippi Highway 43, about 12 miles southeast of Poycune, Sunday, December 24. Two couples and a three week old baby were riding in the Cadillac pictured above.

The victims, according to highway Patrolman Joe Wittman, were Mr. and Mrs. Ernest E. Burks and infant daughter, Judy, of McCool, Mississippi, and Mr. and Mrs. Perry Simmons of Mount Olive, Mississippi.

The victims were brought to a Poycune hospital; and Mr. and Mrs. Burks were later taken to Touro Infirmary, and Simmons to Hotel Dieu in New Orleans. Mrs. Simmons and Judy Burks remained in the Poycune hospital.

The car was completely demolished; it was said that the baby was found between the hood and motor of the automobile.

Mrs. T. Tudury To Head March Of Dimes Drive In Hancock County Area

Organization for the 1951 March of Dimes Campaign scheduled January 15-31 is complete in every county, according to Dr. Felix J. Underwood, State Chairman. Mrs. Theo Tudury of Bay St. Louis will head the drive in Hancock County.

"For the second straight year, our state and nation have been confronted with serious polio outbreaks," Dr. Underwood said. "The disease began its vicious attack in June and continued through the summer and late fall with unusual incidence for October and November. By the year's end, 386 cases had been recorded from 72 counties as our state suffered the most severe attack in history. For the nation, 33,000 new victims were hit in 1950 making this year second only to 1949 when 43,375 were struck."

"Financial requirements for patient care have been enormous. For the two year period a total of \$47,000,000.00 in March of Dimes money was required. Fifty Mississippi counties ran out of local March of Dimes funds in 1950 and received help from the National Foundation in the amount of \$125,000.00."

"Many homes have been hit by polio but the shock has been eased by prompt and efficient use of March of Dimes money," Dr. Underwood continued. "Our patients have been well cared for and most of them are now at home. Some will have to return to the hospital for further treatment."

"The carryover of patients who must have continuing care is now at an all time high and others are sure to be stricken in the year ahead of us. Polio research seeking a means of control of the disease is now more encouraging than ever before."

"These conditions," Dr. Underwood added, "challenge our best efforts in making the 1951 March of Dimes campaign the most successful ever. The need for funds is urgent and I am confident that all Mississippians will give their wholehearted support to this worthy cause."

Hancock County now has \$2500 on deposit with National Headquarters in addition to the County funds in reserve in the depository. This can be drawn on any time it is needed without calling on national headquarters for aid.

The County Chapter recently sent a check for \$1,000 to the national epidemic aid fund. The money was put to work to help other chapters meet their burdens for patient care.

Some Counties are completely exhausted of funds due to the heavy case load this year. More than 100,000 polio cases have been cared for in the past three years, approximately the grand total of cases reported from 1936 to 1948.

Typhus Control Program Starts Jan. 3

A rat poisoning program for the control of typhus fever will begin in Bay St. Louis Wednesday, January 3, Wayne Alliston, County Sanitation Officer, announced.

This work, brought about through the cooperation of the City of Bay St. Louis, the Hancock County Health Department, United States Public Health Service and the State Plant Board, will consist of distributing poisoning in every business house and residence in the city.

A new poison, "Warfarin," will be used, and, according to Alliston there is little danger to pets and chickens.

The campaign will extend through Saturday, January 6.

E. D. Murtagh Sr. Dies December 27

Edward D. Murtagh Sr., a native of Bay St. Louis, died at Touro Infirmary in New Orleans Wednesday, December 27, at 4:15 p.m. Mr. Murtagh, the husband of Mary DiMartino, was the son of the late Robert J. Murtagh and Almema Bontemps Murtagh of Bay St. Louis. Following his service with the Army in World War I, he studied architecture at Tulane University, and followed this profession in New Orleans since his graduation.

A resident of New Orleans for the past 38 years, Mr. Murtagh was 54 years of age at the time of his death.

Funeral services will be held today, Friday, December 29, at 9:00 a.m. from the auxiliary funeral home of Jacob Schoen and Son, 3827 Canal street, with Requiem Mass at Incarnate Word Church. Interment will be in Metairie cemetery.

The deceased is survived by his wife; a son, Edward D. Murtagh Jr., of Bay St. Louis; a daughter, Mrs. Evelyn Justabo; two sisters, Mrs. Sam Piazza of Bay St. Louis, and Mrs. E. B. Little of New Orleans; a brother, Elmer Murtagh, also of New Orleans, and two granddaughters, Beth and Mary Douglas Murtagh. He was the brother of the late Leo R. Murtagh of Bay St. Louis and Port Allen.

Fire Destroyed House On Trapani Farm

A one room house on the farm of Anthony Trapani located in the third block of Felicity street was completely destroyed by fire last week.

Origin of the blaze is still undetermined. The fire department was on the scene in due time, but the fire was too far gone to get it under control. It was not learned if the building was insured.

Louis Turcotte Jr. Dies Xmas Day Of Self Inflicted Shot

Louis B. Turcotte, Jr., 22, died Monday, December 25, at 6:45 p. m. at the King's Daughters Hospital of a self inflicted gunshot wound.

Turcotte who shot himself in the stomach with a .22 caliber rifle as he lay across the bed in his residence, 444 Ulman avenue, was the husband of Shirley Sautier Turcotte. At the time of the shooting, around 6:30 p. m., his wife was accompanying her aunt to the front door following a visit. No motive for the shooting was learned.

He was rushed to the hospital where he was pronounced dead shortly upon arrival. A jury was empaneled by Coroner J. P. McCaleb, and a verdict of death by a self-inflicted wound was returned.

Funeral services were held from the Fahey Funeral Home Wednesday, December 27, at 2:00 p. m., with religious services conducted at Our Lady of the Gulf Catholic Church by Rev. Father Patrick Grant. Interment was in Waveland cemetery.

Survivors other than his wife, include his father, L. B. Turcotte Sr., of Waveland, and a sister, Mrs. Santos Sautier, of Bay St. Louis. His mother was the late Mrs. Niece Ladner Turcotte.

Chest X-Ray Service Is Made Available To County Residents

PMA Sets January 15 As Final Report Date

January 15, 1951, has been designated as the final date for reporting performance under the 1950 Agricultural Conservation Program, Randolph W. Seal, chairman of the Hancock County Production and Marketing Administration Committee, announced this week.

Records of the Hancock County P. M. A. office show that there are a number of farmers who have secured approvals for assistance for carrying out soil conservation practices who have not reported performance on these practices, Mr. Seal stated. He urges that all farmers who have not carried out an approved soil conservation practice under the 1950 program report such practice not later than January 15, 1951, otherwise, the assistance cannot be granted.

A successful conservation program has been carried out in Hancock County in 1950, he added. The Federal Government has helped to pay the cost of carrying out soil conservation practices on 171 Hancock County farms this year.

Under the 1950 program, the farmers of the county have been assisted in building stock ponds, terraces and in reseeded pasture and planting winter cover crops.

Fahey Ambulance Service Installs A Two-Way Radio

Fahey Emergency Ambulance Service has received and been granted a license of operation by the Federal Communications Commission for a two-way emergency radio station, Kenneth R. Whitfield, manager, announced. The call letters are KKE475.

It will be used primarily for emergency life-saving operations and protection of public property.

COVERAGE OF 56 MILES

The station consists of the main station at the Fahey Home where the ambulances are housed; it will have a hundred foot aluminum tower which will be erected in the next week or so, Mr. Whitfield said. There are five more units for the ambulances and private car. This facility will give a coverage of a radius of nearly 56 miles.

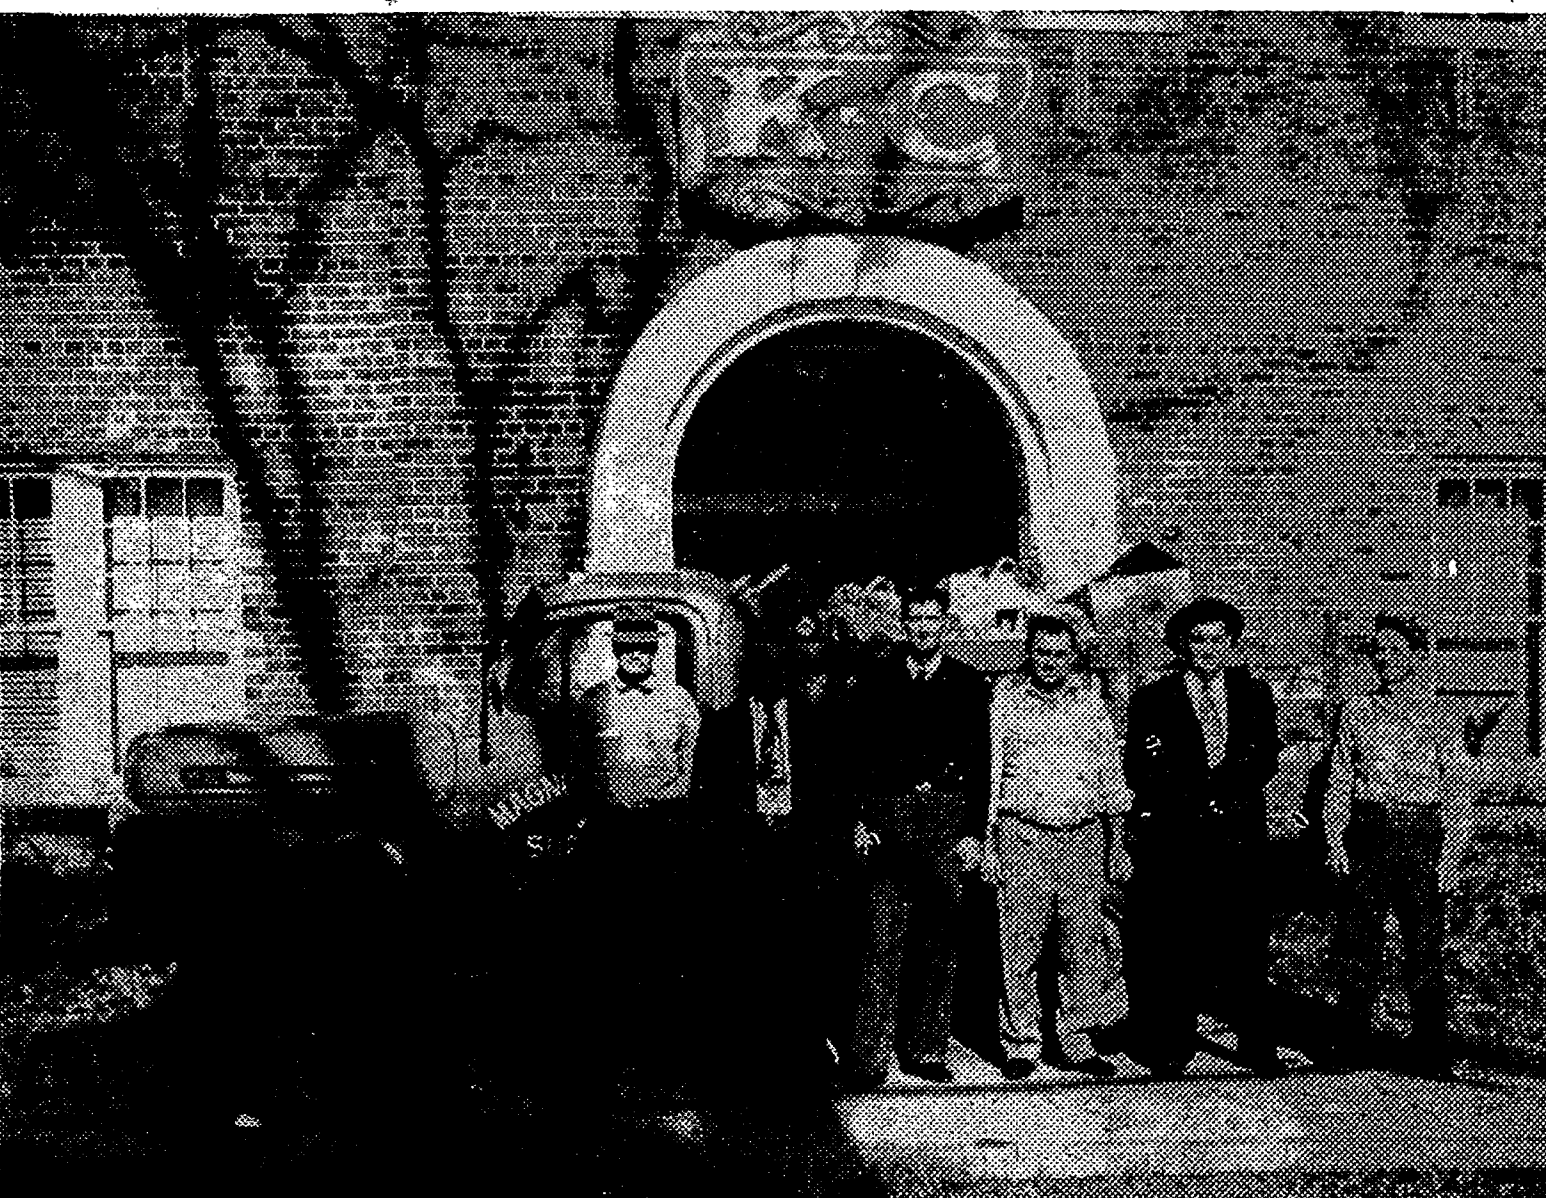

"We consider the two-way operation in emergency ambulance service a great advantage in time for the rural area of Hancock, Pearl River and Harrison counties," Mr. Whitfield added. "We will be able to respond to calls efficiently and give the public more security."

GIVE BETTER SERVICE

The Fahey Emergency Ambulance Service also has oxygen permanently installed in the ambulances and industrial emergency kits. The Company, the manager said, is making this investment in this advanced type equipment for one purpose—to give better service and protection to the public.

The two-way emergency radio will go into effect in a few days when all stages are completed.

One Hundred and Twenty-two

Families in Lizana, Bay St. Louis and Hancock County were made happy Sunday, December 24, when members of the Pere LeDuc Council of the Knights of Columbus presented them with baskets for their Christmas dinner. Ed Ladner, Leroy Necaie, Carl Arnold, Grand Knight, Wilmer Thibeaux, George Heitzmann and Edward Heitzmann, Jr., loaded the baskets for delivery. Other committeemen who are absent from the picture are Walter Favre, Wallace Bontemps and Lucien Raymond.

This year, the K of C had Santa Claus go to the various homes in Bay St. Louis and distribute fruit and toys on Christmas Eve.

Through the cooperation of the local public health authorities with the State Board of Health one of the traveling x-ray units will be made available to the people in the county according to the schedule below.

FIND UNDISCOVERED TB

The objective of this public health service is to find undiscovered and unsuspected cases of Tuberculosis.

It is hoped that everyone in the county will take advantage of this service. This dread disease can be entirely cured if found early. Its spread can be prevented if the cases are known. It is everyone's obligation to themselves and their community to find out whether or not they have a healthy chest, and to make sure they are not spreading the disease.

SERVICE IS FREE

This survey is the responsibility of everyone in the county; without the cooperation of the public at large it cannot be a success. Everyone is urged to do their part and to see that they themselves and that everyone else gets a chest x-ray. The service is free, it does not hurt, and one does not have to remove any clothing in order to have the chest x-rayed.

Should the picture indicate anything wrong, reports will be made directly to the person concerned; in such cases, the individual should check with his or her private physician.

DISCOVERS CHEST DISEASES

This x-ray survey is primarily for tuberculosis, but other chest conditions such as heart disease, tumors, lung abscess, etc., will also be discovered and reported.

Below is a complete schedule, giving the itinerary of the bus.

Bay St. Louis High School, Thursday, January 11, 1:30 to 4:30 p.m.; St. Stanislaus College, Friday, January 12, 9 to 11 a.m.; St. Rose School, Friday, January 12, 11:15 to 12:30 p.m.; St. Augustine Seminary, Friday, January 12, 1:30 to 2:30 p.m.; St. Joseph Academy, Friday, January 12, 3 to 4:30 p.m.; Bay St. Louis Court House, Saturday, January 13, 9 to 11:30 a.m.; and Kiln High School, Monday, January 15, 9 to 11 a.m.

Nicholas J. Thiery Rites Held Friday

Nicholas J. Thiery, brother of Anthony Thiery of Bay St. Louis, died at Mercy hospital in New Orleans Thursday, December 20. Thiery, 68, a former flour broker, was a native of Bay St. Louis; he moved to New Orleans as a young man and had resided there since.

Religious rites were conducted at Our Lady of Lourdes Church, Friday at 3:30 p. m. followed by interment in Greenwood cemetery.

He is survived by a daughter, Miss Audrey Thiery; three stepsons, Theodore L., Cyril J., and Ernest Frois, all of New Orleans, and his brother. He was a brother of the late Charles Thiery.

\$215.70 Collected for Christmas Tree

Two hundred and fifteen dollars and seventy cents was the total collected for the Brother Peter Christmas Tree Fund, Brother Alexis, S. C., president of St. Stanislaus College, announced.

The Christmas tree was held Friday, December 22 and Saturday, December 23.

Trygve Lie, Secretary General of the United Nations Council, says that the United Nations must not give up in Korea even though this determined stand risks involvement in a war with Communist China. If we are forced into a war with China, he said, the blame will rest "upon those who have been pulling the strings and perhaps hoping for advantage through aggression."

"Should the attack on the republic of Korea not be repelled or stopped, there'll be no basis for fulfillment of the further aims of the United Nations, neither in Korea or elsewhere. If we lose in Korea, we'll have to ask ourselves: What nation will be the next victim?"

Mr. Lie should have stated that the United States must not give up in Korea. That it must stay there and fight for the fulfillment of the aims of a group of nations giving us support in words only. Words do not win battles. It takes men and equipment, and most of all our forces must be given some latitude in which to do battle. They cannot be hampered in their actions awaiting orders from a council not wholeheartedly behind them, and whose sole desire it seems, is to appease the enemy.

Chinese have been swarming into Korea from every direction, killing the finest specimens of American manhood, and all our forces have been able to do is try to protect themselves while retreating to a beachhead for evacuation. The lives of every boy in Korea are at stake and the responsibility for their welfare rests squarely upon the shoulders of the commanders of our army, and certainly appeasement should not be tried by our supposed allies while the life blood of our youth is flowing from their bodies. This is an all out war and we should strike at the source of supply of the enemy. If this attempt at appeasement is continued, particularly by our supposed greatest ally, Great Britain, whose government suggested that we withdraw from Korea, then we should do so, for it is a crying shame to see our men sacrificed with such negligible support, while so much double talk is going on at Lake Success.

And while we are in the withdrawing process we should likewise withdraw from Europe. We should quit trying to be the fairy God-mother to the world. There is very little appreciation to be expected from the countries we are helping, and if the people of these countries have no more love for their God and their country than to become communists, what can we expect of them?

We owe an obligation to see that the Japanese are in a position to protect themselves from the onslaught of the Red Chinese horde, and we should rearm them. We should offer protection to the Philippines and our Island possessions, but we owe above all, protection to our own shores. It is time to draw into our shell, and tell the world we are going to protect ourselves, and that we are not interested in the future aims of the United Nations; neither in Korea or elsewhere.

BROADWAY AND MAIN STREET

Moe's Biggest East River Catch Found Rose Hanging on Line

By BILLY ROSE

Among the doodads on my desk is an old piece of string wrapped around a wooden spool, and people who come to my office often quiz me about it. My rough, ready and routine answer is: I'm fond of that bit of string because, thanks to it, my business address is Sixth Avenue instead of Davy Jones's Locker.

But let me crank the reel back years and give it to you—as my Aunt Frieda would put it—"in sequins."

The scene I remember most vividly on the East Side is the dock near the Fulton Fish Market where we used to go swimming on summer days when school was out and the tide was in. And the water-front character who usually takes stage center in my memory is a little ragged of a man we called Crazy Moe who spent most of his days spool-fishing over the edge of the pier.

Billy Rose

We often pointed out to this incomplete angler that he was wasting his time that no self-respecting flounder would be caught sauntering in the polluted waters of the East River—but Crazy Moe paid no attention to us. His answer, when he bothered to answer at all, was that he didn't much care about catching anything—he just liked to fish. And as nearly as we could tell, he never even took the trouble to bait his hook.

ONE DAY A BOY named Terry, the most promising juvenile delinquent on Avenue A, swiped a mackerel from a fish stand, dove off the dock when Moe wasn't looking and hooked the fish onto his line. And when the tetch one began to pull his "catch," his hands shook so violently that the fish looked alive.

Before he could get wise to the deception, however, one of the kids grabbed the mackerel out of his hand and backed its head off with a jackknife. Crazy Moe cussed at us for five minutes and it wasn't because he wanted to stuff and mount the fish, but just wanted to throw the boy thing back.

There was another day when this same Terry decided it was time I learned how to swim, and when I tried to ward him off with the wily dialectics of a seven-year-old he began calling me "sissy" and "yella belly." Finally, realizing there was no way to dodge the dunking, I stripped down to my shorts. Terry and another kid grabbed hold of me, gave me a couple of hammock swings and pitched me into the river. I landed kersplah between a grapefruit rind and a floating bottle, and water began rushing into me from every opening.

AS I WAS GOING down for the second time I somehow got tangled up in a bit of string, and when my head broke water I saw Crazy Moe standing on the dock hauling in a second fish—me, and I was darned near as dead as the first one. The line, of course, wasn't strong enough to do more than keep me afloat, but it gave Terry a chance to dive in and pull me over to the ladder. After I had recovered breath and bravado, I asked Crazy Moe to let me have his fishing line for a keepsake, and when he demurred I bribed it away from him with what was an important piece of money to those days—a new Liberty Head nickel.

Today, many decades and chins later, the piece of string occupies a prominent place among the mementos on my desk—sort of a mite reminder of the time when my life hung by a hair. And my favorite memento of me, of course, knows this story says it explains why I married her.

"You wanted a swimmer in the family," says Eleanor, "because the next time they throw you in, there may not be a Crazy Moe hanging around."

OES To Have Installation January 4th

By JAY METZ

On Thursday evening at 7:30 p. m., January 4, the O. E. S. and the Diamond Lodge No. 393, F. & A. M. will hold a public ceremony for the purpose of installing their newly elected officers. The joint installation will be held in the Methodist Church; the public is invited to attend.

The District Deputy Grand Master, Mrs. Gladys Hadnot, of Biloxi will officiate at the ceremony installing the officers of the O. E. S., headed by Mrs. Pearl De Boer, newly elected Worthy Matron.

The Diamond Lodge held a meeting Monday evening to elect officers, and these will be installed also, headed by Austin Baxter, newly elected Worthy Master.

On Friday morning at 10:30 the Logtown School had their annual Christmas Tree Party at the school. No special program was planned, but Santa Claus was there to pass out the presents that all the children exchanged. Candy and apples for the students were furnished by the P-T-A. Following the Christmas tree party, school was recessed for the holidays, with school resumption scheduled for Tuesday, January 2. On Wednesday the cafeteria served turkey dinner to the school children, a turkey dinner with all the usual trimmings.

Guests of Mr. and Mrs. Ed Harriel for dinner last Sunday were Mr. and Mrs. Jack Mayfield and daughter, Janice, and Mrs. Cochran of Slidell, Louisiana, and the Reverend and Mrs. Thompson, local pastor.

Social Security To Get 100,100

Nearly 100,100 additional Mississippians will be brought under the federal social security program on January 1st, when the amended old-age and survivors insurance act goes into effect, Earl Evans, Jr., chairman of the Mississippi Economic Council's social welfare committee, reports.

At the same time, all persons covered under the program will start making one-third higher payment to social security. Total social security payments will be three percent of the first \$3,600 payroll of each person covered, instead of the two percent on the first \$3,000 payroll of each person covered at present. The employee will pay 1 1/2 percent, with the employer paying 1 1/2 percent.

Among the new types of employees eligible for coverage are farm workers, government workers, certain self-employed persons, and domestic workers. State headquarters of the social security program estimated when the act was amended in the fall that at least 44,000 farm workers would become eligible, along with some 23,000 government employees. The number of self-employed and domestic workers to come under the program was estimated at over 25,000.

Here are some of the more pertinent facts about the new law, as pointed out by the MEC social-welfare committee:

The self-employed who comes under the act, who has no employer to contribute for him, will contribute 3% of the combined rate, or 2 1/2 percent.

Domestic help, maids, etc., come under the program if they make at least \$50 during a calendar quarter or three months period. However, the employer can pay the employee contribution of domestic workers if he wants to, without deducting it from the workers wages.

It is possible for the household employer to report the domestic workers social security payments with other employees, if the employer is already making social security reports as a sole owner or as a business or professional practice.

Farm workers are those who are employed on a farm for at least three months, and receives at least \$50 for the quarter.

The law makes several changes in the definition of "employee." Additional groups covered are employees include full-time life insurance salesmen; full-time salesmen who sell to retailers, hotels, wholesalers, jobbers and contractors, but not house-to-house salesmen; agent drivers who sell meat or bakery products, vegetables or fruit products, beverages other than milk, and laundry or dry-cleaning services.

The new three percent of payroll on the first \$3,600 will continue until 1954, when it will be raised. It is estimated the new program of expanded benefits under social security will cost in the long run a total of about 6 percent of taxable payrolls.

"The major thing the Council's committee would like to point out is that the nation is now committed to an expanded social security program, but that the program isn't 'free' as some seem to think," Chairman Evans stated. "We must realize that in the long-run the individual must pay for all the benefits received from government."

Any way you look at it, it pays to get the best breeding possible in the future herd," he said. "Use of the artificial breeding program, will give you this good breeding backed by production records and show ring winnings at a cost that even the smallest breeder can afford."

Mississippi's dairy program will not be secure until we can find locally the demand for good dairy cattle and have a surplus always ready to be sold elsewhere, he stressed, urging "Let us work to that end, and promote a permanent livestock industry."

New Dial Switching Unit Expands Southern Bell's Rural Program

SLEDGE, MISS.—Over 500 people were on hand here for the formal program in the auditorium of the local high school on December 24.

Leading citizens of Sledge, officials of the state and county and representatives of the telephone company, gathered for the ceremony to celebrate the establishment of the new and modern dial telephone system just completed here by the Southern Bell Telephone and Telegraph Company.

Taking part in the formal program in the auditorium of the local high school on December 24 were leading citizens of Sledge, officials of the state and county and representatives of the telephone company.

The principal address was delivered by T. E. Harris, Mississippi Manager for Southern Bell. Mr. Harris praised the people of the Sledge community for their progressive and enterprising spirit as exemplified by their many new civic improvements and business undertakings, such as their new grammar school, the new auditorium in which the program was held, their new compress and warehouse, the new bank, gas, and furniture factory, and thanked them on behalf of the many telephone people who worked on the project for the helpful spirit of cooperation shown by all the people of the community.

"As a Southerner, I take justifiable pride in the progress of our whole section of the nation," Mr. Harris said, "but I am particularly proud of Mississippi's progress. We have learned to plan more intelligently by diversification. We are cultivating our crops better and harvesting them more economically. But best of all we are engaged in a great program in this state which aims at balancing agriculture with industry. And it is paying off. No part of the country can boast of a greater proportionate increase in per capita income since World War II than the South, and Mississippi's increase in per capita income is one of the best in the South."

"In providing this modern dial telephone system for the Sledge area," stated Mr. Harris, "it was necessary for Southern Bell to place a considerable amount of serial cable, a large number of poles and many miles of exchange wire in addition to the dial switching equipment. In addition to the new poles, attachments were made to a large number of poles owned by the Mississippi Power and Light Company and the Coahoma Electric Power Association. These attachments were made on a joint-use rental agreement."

"A rural development program which Southern Bell has been carrying on for many years," Mr. Harris concluded, "from the beginning of 1946 through 1950 we will have spent over \$7,500,000."

Miss Kay Ford and James Clark Married Here Wednesday, December 27

Wednesday, December 27 at 11 a. m. Miss Kay Ford, daughter of Mr. and Mrs. Leo G. Ford of this city, and James Edward Clark, son of Mr. and Mrs. Guy C. Clark, of Belzoni, were married at Our Lady of the Gulf Catholic church; Right Reverend Monsignor A. J. Gmelch officiated.

The altar was decorated with white gladioli held in tall floor baskets.

The traditional marches were played and the processional and recessional by Tom Burdine of Pass Christian, and preceding the ceremony, Mrs. J. R. Rollins sang Ave Maria, accompanied by Mr. Burdine.

The bride, given in marriage by her father, wore a wedding dress of white satin which had a full skirt falling in a full length train. The tight fitting bodice was finished with points in the back and front; it was buttoned in the back. The long sleeves ended in points over the hands. A lace yoke, forming the top of the bodice was outlined with pearls and finished at the neck with a Peter Pan collar. The veil of Belgian illusion was held in place by a bonnet effect head dress; it fell to the end of the train. The bride carried a bouquet of white roses and Roman Hyacinths centered with a white orchid.

She had as her matron of honor Mrs. Fred Collins, and as maid of honor Miss Patricia Gex of this city; her bridesmaid was Miss Elizabeth Gilbert of New Orleans. They all wore gowns of brown figured brocade which had a silver sheen prints. They were fashioned with the long semi full skirts with tight fitting bodices. They were finished with round necks and short sleeves, over the shoulder was a

design of the material of the dresses. They carried yellow roses, and their head pieces were of the same flowers.

Mr. Clark had as his best man Frank Nemeth of Jackson, and as groomsmen Sam Skipper, Jr., of Belzoni and W. Gerard of Ripley, Tennessee. Ushers were Mike Campbell of Canton and Leslie Clark of Belzoni.

Following the ceremony a reception was held at the home of the bride's parents where Mrs. Ford and Mrs. Clark were receiving with the bridal party. Mrs. Ford wore a dress of toast crepe and a close fitting hat of a dusty rose shade. Mrs. Clark wore a dress of brown faille with a hat of pressed beaver in a matching shade. Both wore corsages of green orchids.

Varied colored gladioli and house palms decorated the reception rooms of the home; the bride's table was covered with an embroidered cut work cloth, around the four tiered wedding cake, which was topped with a cluster of white hyacinths tied with a white satin bow, was an arrangement of fern and white gladioli. Mrs. Walter J. Gex presided at the bride's table.

For traveling the bride chose a suit of forest green gabardine with which she wore a white blouse and a Kalinsky scarf. Her corsage was the orchid from her bouquet. Her hat was winter white, and her accessories were brown.

Mrs. Clark attended the University of Mississippi and was affiliated with the Kappa Delta sorority. Mr. Clark is a graduate of the University of Mississippi and is on the faculty of the Canton High School. They will make their home in Canton.

Mrs. Alden Mauffrey, Mrs. Walter J. Gex and Mrs. F. J. Trastour helped Santa Claus at the Bay-Waveland Yacht Club's first Christmas tree.

The tree held Saturday, December 23, was for the children and grandchildren of members of the Yacht Club; it was given by the Women's Auxiliary.

Search For Oil Brings Deeper Drilling

The trend toward deeper wildcat exploratory drilling in Mississippi during the past twelve months is reflected in the fact that twenty-four tests have been drilled below 10,000 feet. Four of these ventures are still underway with one drilling below 19,500 feet and only 1,021 feet away from the world's deep record of 20,251 feet.

Twenty of these deep tests have been completed resulting in a total footage drilled of 215,343 feet.

Three of the wells were successful in opening new producing areas, the Natchez pool near the city limits of Natchez in Adams county, the West Lincoln pool in southwestern Lincoln county and the North Natchez pool also in Adams.

The latter is listed as a gas condensate field while the first two are oil pools. Several of the tests logged non-commercial oil shows with perhaps the most encouraging being the Humble Oil and Refining Company's Amite county test, the W. A. Stockard No. 1, sec. 33-1N-6E located near Gillsburg, in the southeastern part of that county. The well was drilled to a total depth of 12,500 feet with some oil being recovered on a number of drill stem tests run on sands sections below 11,500 feet before it was abandoned as non-commercial.

Mississippi's deepest producing well is Ginther, Warren and Gin-

ther's L. L. Majors No. 1, Sec. 29.6N-11W in the Overt field of Jones county producing from below 13,000 feet.

Veterans Claims Being Processed

"When do I get paid?" is the question many former prisoners of war, civilian internees or their survivors are asking, now that claims numbers have been assigned to all claims received by the War Claims Commission.

Mr. F. Byrne Austin, Executive Director of the Commission, and its official spokesman has announced that claims are now being processed at the rate of almost 1,000 a week, and that a total of 26,000 claims had been paid as against 500 disallowed through mid-November.

Thus, claimants with claim numbers under 30,000 have a very good chance of having their claims processed within the next month. Claimants with higher claim numbers are advised that they may use the current weekly processing figure as a guide in determining how soon their own cases are to be handled by the commission.

According to Mr. Austin, correspondence inquiring about the status of a claim before it could possibly be handled under the present estimated schedule, will not be helpful to either party.

In announcing its latest claim figures, the Commission revealed that 16 million dollars had already been paid to 26,618 prisoners of war, internees or their survivors. The total overall number of claims numbered and acknowledged was given as 119,422.

To date, over 40 Mississippi claims have been paid, representing a sum of \$32,968.

6th Grade Has Program

The pupils of the sixth grade of Bay Central School gave the "Christmas Pageant" at the assembly period Friday morning of last week. This was given under the direction of the teacher and Mrs. Carl Smith, director of piano in the school.

The first scene explained the "Why of Christmas" and was given by Peggy Strong, Ronald Wheat, Gerry Witter and Carol Johnston.

The Nativity scene followed with Sue Ann Osbourne representing Mary and Randolph Carver, Joseph. Those taking the part of the three Wise Men were Norman Shiyou, Wayne Allison and Leo Poolson; Ty Robin, Charles Strong and Tommy Hill were the Shepherds.

The parts of the Angels were taken by Janet Miller and Patricia Bennett; Marguerite Randolph, Mary Alice Heitzmann, Shelby Favre, Sylvia Tamplin, Peggy Garcia, Carol Sue Banderet.

"O, Little Town of Bethlehem," "It Came Upon the Midnight Clear," "Silent Night," "The First Noel" and "Joy to the World" were sung by the chorus, composed of Carol Ann Hobbs, Betty Lou Raley, Peggy Smith, Sheldon Preuve, Joan DiMaria, Bobby Jean Lewis and Billie Jean Walters.

The Three Wise Men sang "We Three Kings of the Orient Are" and were joined in the chorus by the class.

SHEEP REQUIRE SUITABLE CARE

State College, Miss.—Describing winter as "one of the most critical periods of the year for sheep," E. E. Grissom, associate Extension animal husbandman said, "Approximately 90 percent of the lamb crop is dropped in December, January and February."

Winter is also the season when most death losses occur. Most losses at lambing time are due to neglect, he stated. If a newborn lamb gets chilled before getting a filling of its mother's milk, it is difficult to save. Good management includes preventing lambs from becoming chilled. Find and dry them off as soon as possible, he urged.

Advising farmers to plan their work in such a way as to give extra care to the flock at lambing time, he said "make sure the ewes do not lamb in the open during cold rainy weather." Have individual lamb in pens (if necessary, where the ewe can be confined until she claims her lamb and it is strong enough to go.

Dock and castrate lambs when they are from 7 to 10 days old, Grissom said; castrate first, then dock. The knife is the surest method of castration. He urged farmers to use sanitary methods and provide clean straw for bedding or put lambs on new pastures.

If little or no winter grazing is available, start feeding well-cured leafy legume hay, as lespedeza or alfalfa, with grain ration he advised. When feeding grain start with one-half a pound a head daily for three weeks before lambing; gradually increase this to one pound for each ewe after she lams.

"It is always good insurance to provide 200 to 300 pounds of legume hay and one bushel of corn for each mature sheep during the winter," he emphasized. "It is also good to provide enough straw to keep wintering sheds well bedded."

Management is one of the most important phases of sheep production, he said. Foot trouble can be controlled if handled right. Check feet at least twice a year for surplus growth and trim if necessary. Always check the feet at first sign of limping.

One of the best known treatments for the feet is to soak them in a 30 percent solution of copper sulphate (bluestone). This can be made by mixing two and one-half pounds copper sulphate with one gallon of water. Large groups of sheep can be treated by building a wooden trough large enough to fit a chute where sheep can be forced through. Place the copper sulphate solution two to four inches deep in the trough and drive the sheep thru he said. "Best results are obtained when the solution is heated."

Well drained land is especially important during the fall and winter when lambs are being dropped and rains are heaviest, Mr. Grissom advised.

Orphan lambs are expensive to raise, he said. "If you can not find a foster mother for them it may be best to give them to a neighbor or to a child for a pet."

Castor oil or milk of magnesia are both good when constipation or diarrhea are present. For diarrhea, remove the cause and give one to two teaspoons of castor oil, he recommended. Constipation can usually be detected by the lamb straining frequently. One teaspoon of castor oil or milk of magnesia usually gives relief.

Naval ill is an infection of the naval cord usually caused by ewes lambing in dirty stables or barn lots. It can be prevented by immersing the naval cord in tincture of iodine as soon as possible after birth.

When ewes are allowed to lose weight before lambing it often

Money Value Decreases For Farmers

State College, Miss. — Mississippi farm families will probably be able to buy less with their money in 1951, although their net income may rise as much as 15 percent over the past two years, according to J. V. Pace, economist, and Miss Bonnie Dale Sansom, home management specialist of the Agricultural Extension Service. Defense needs challenge farmers to increase production of many crops and livestock products. Higher production per acre and per animal will contribute to the national effort, and also give the farmer a higher net income through efficient operations, it was pointed out.

Production expenses on farms will increase in 1951, but probably not as much as gross income, which is expected to rise 10 percent over the past two years, Mr. Pace said.

Fertilizer supplies may be short of the expected heavy demand, and some of these materials may be shifted to other defense uses. Buy now at least half of the fertilizer needed and store it in a dry place, farmers are advised. Purchase insecticides now for cotton insect control. State recommendations for 1951 have been made.

In the changing production picture, farmers face the call for more cotton. There will be no acreage allotments and marketing quotas for the 1951 crop, and the support price is 90 percent of parity.

Beef and pork production will probably increase again in 1951.

Prices received by farmers for all classes of meat animals are expected to average moderately above 1950.

Adapting or expanding beef cattle, or hogs, or sheep as a permanent part of the farm operation is reasonably safe for Mississippi Farmers with available land and other production resources, Mr. Pace said.

For dairying, both the immediate and long-time outlook is bright. This is through good management, almost year-round grazing, quality hay and silage, and use of production-bred dairy bulls.

Increased broiler production with slightly higher prices is in prospect. Demand will be strong and prices probably higher for truck crops and soybeans.

Prices for better quality pine and hardwood logs are strong, and demand and prices for pulpwood are increasing.

In the home, families with more income to improve their living conditions may not find on the market the household equipment and furnishings needed, Miss Sansom stated. A saving plan, looking towards purchasing such goods when available, is suggested. Production and conservation of food at home is again urged, Miss Sansom pointed out. Food should be preserved properly to retain high quality and nutritive value. Health and medical services are expanding in Mississippi. There are 22 new health centers and 40 hospitals either completed or under construction with completion slated during 1951.

Gulfview Faculty Has Xmas Party

Mrs. Malcolm B. Green

The faculty and students of Gulfview School gave a Christmas party Thursday night for the parents and friends of the school.

Regina Moran opened the entertainment with a reading, "Xmas Greetings." This was followed by the "Primary class singing 'The Bells of Christmas Ring,' and 'Hurray For Dear Old Santa.' The primary group then followed with an operetta called 'The Busy Christmas Fairies.' Ronald McLaughlin gave a reading on 'What Santa Calls Him,' followed by the third and fourth grades singing 'Christmas Time' and 'All I Want For Christmas is my Two Front Teeth.'

The fifth, sixth and seventh grades presented 'The Star Drill,' followed by the third and fourth grades singing 'A Lullaby For Christmas.' They also gave a play-lette, 'I Want My Ma.' The finale followed the fifth and sixth grades presentation 'Toby's Christmas Present.' The fifth, sixth, seventh and eighth grades concluded with the song, 'Joy Bells.'

During the intermission, Mrs. Jeanne Williams accompanied the older children at the piano while they all sang Christmas carols.

Following the program, Santa Claus distributed bags of fruit and candy to each child present. This was donated by the Parents Association and the Civic Association combined. Fruit and candy was also sent to each child who was unable to attend the party.

Christmas afternoon, a passing motorist threw a lighted firecracker in the woods near the home of Mr. and Mrs. Malcolm Green, and it took the combined efforts of every available man in Lakeshore to extinguish the fire. The homes of Mr. and Mrs. Jeff Bosarge, Mr. and Mrs. Sylvan LaFontaine and Mr. and Mrs. Frank Ladner were also endangered.

Mrs. Viola Garcia had as her guests over the holidays, a host of relatives and friends. Among these were Mr. and Mrs. Gordon Garcia and children, Mr. and Mrs. Ivy Ladner and children, Mr. and Mrs. Earl Davis, Mr. and Mrs. Arvine Garcia and son, Mr. and Mrs. Doyle Garcia and son, Mr. and Mrs. Leroy Garcia and daughter and Mr. and Mrs. Vic Boulet.

Mr. and Mrs. Alfred Stoufflet of Baldwin plantation spent the holidays in Lakeshore with their son and daughter-in-law, Mr. and Mrs. Milton Stoufflet. Christmas homecoming was celebrated with their son and daughter-in-law, Mr. and Mrs. Milton Stoufflet. They also paid a call to Mrs. Glover Green and Mrs. Malcolm Green.

Mr. and Mrs. W. Garrantia of New Orleans and their daughter, Debby, visited in Lakeshore and at the Baldwin Plantation last week.

Mr. and Mrs. Wallace Mataya and their three children visited Mr. and Mrs. M. Stoufflet, Mr. and Mrs. Malcolm Green and Mr. and Mrs. Glover Green.

Mr. and Mrs. L. V. Strickland and three sons spent the holiday weekend with Mr. and Mrs. Leonardo Villamil. Their niece, Louise Green, returned to New Orleans with them for a week's visit.

Mr. and Mrs. Monroe LaFontaine of Gulfport and their children spent Christmas Eve with Mr. LaFontaine's parents, Mr. and Mrs. Sylvan LaFontaine.

The Lakeshore Civic Association

idays with his wife and family.

Mrs. Ed Green was unable to be home for Christmas as she is still in Baptist hospital in New Orleans. Mr. Green and her family spent Christmas day with her.

Joe Alphonse, Jr., son of Mr. and Mrs. Alphonse of Lakeshore, volunteered for duty with the Marines. He left Tuesday for his basic training.

Lakeshore gym will be the scene of a double header basketball game Tuesday night, December 26, between the Picayune boys, and Stewart girls and the Bay St. Louis boys and girls' Independent teams. Admission will be 25 cents for adults and 10 cents for students.

The Parent's Association of Gulfview School, is to be complimented on the way they have assisted in getting the required materials necessary to raise the school to a B grade.

They recently purchased a record player and records for the primary rooms, and 16 books for the 5th and 6th grades. They also purchased scissors, drawing paper, etc., amounting to \$47.00, for the school. An anonymous friend in Bay St. Louis also donated 6 books to Gulfview; all are well known Children's Classics.

Mrs. Lester Green spent Monday and Saturday with her sister-in-law, Mrs. M. B. Green, while Mr. Green visited his brother in Rigolets, Louisiana.

Mr. and Mrs. Andrew Garcia of Rigolets were visiting friends in Lakeshore and Clermont Har-

Check Your Drivers License

Col. Birdsong asks that all drivers check expiration date on their drivers license, and if they have expired or will expire December 31, have them renewed at once. The cost is \$2.00 for two years. Go to your nearest Sheriff's office or City Clerk, and re-tore those licenses now; or if you prefer, send \$2.00 to Patrol Headquarters, 2550 North State Street, Jackson, Mississippi.

Also, to you ladies who are married, be sure and send first, maiden and married name and, if moved send old and new address.

Says Col. Birdsong further, "Our Patrolmen are checking cars every day, and if you have an expired license, it is the same as no license at all. We have no alternative, but to give a ticket. We hope everyone will get their license renewed and keep them in order."

Miss Lena Brock, Director of Drivers License Division, stated, "Many persons are sending the wrong amount, and this delays their getting their license and causes the Department a lot of extra work. We again urge everyone to send the correct amount, which is \$2.00, and your license is good for two years."

bor last Wednesday night.

Mr. and Mrs. Doyle Garcia and son of New Orleans visited Mr. Garcia's mother Sunday. After dinner they all motored to Gulfport to visit Mr. and Mrs. Arvine J. Garcia and their infant son, Arvine J. Jr.

SURE, It's a Doodle—a forester's doodle—but there's nothing funny about it.

To a forester, trees add up to things men can use—homes, paper, fabrics, plastics, even food.

But a forest, plus fire, is less than nothing, because many years of planning, of growing, of forest management, have gone up in smoke.

A forester fears lightning, for it sets many fires. But more than lightning, he fears man. Man starts nine forest fires for every one caused by lightning.

It's a personal problem. It's your problem. It's our problem. For if all of us were to control our carelessness, the nation would be richer by \$40,000,000 a year, our annual forest fire toll.

All of us PAY for forest fires

... most of us can PREVENT them

OF THIS SECTION

FIRE ---- WINDSTORM ---- LIGHTNING

---COMPREHENSIVE---

We have just added to our most complete line of insurance companies, the Farmers Mutual Insurance Association, offering a complete insurance service to farmers and rural people on their homes, barns and other properties. In the past many insurance companies have been reluctant to write policies on rural properties, but this fine company seeing the need for such a protection for our rural people are making a complete coverage policy available to them. All of us know that an insurance policy will not prevent catastrophes, but will certainly lighten

the burden left by them. We invite every farmer and rural property owner to come into our office and let us explain this new policy to them. It will cost you nothing to learn about this new service, and should misfortune strike, it will be a great relief to know that your home, your barn or other buildings are protected with proper insurance. For City property owners it will pay you well to investigate our lines and insure before Fire, Windstorm or Lightning Strikes. Insure the Mutual-Way, Today!

HIRED FARM WORKERS BECOME ELIGIBLE FOR SOCIAL SECURITY

By HOWARD SIMMONS

Some hired farm workers and household servants become eligible for Old-Age and Survivors Insurance under the Social Security Law, beginning, January 1, 1951.

Social Security payments are made under certain conditions for workers reaching the age of 65, or to families of wage earners who die before reaching that age. Eligible hired farm and household workers are those who work regularly for one operator for five months or more and earn at least \$50 in cash in every three-month period. Where the worker is eligible, there is immediate action which both he and his employer should take.

The worker should make sure that he has a social security card, get one at the local social security office if he never had one, or ask for a copy if he once had one but lost it. He then shows this card to the farm operator, who will record the name and number as shown on the card.

Where there is no nearby social office, ask the post office for an application for a social security card.

The farm operator should obtain an employer's identification number if he does not already have one. Applications for this area available at the nearest social security office. Reports of employee's earnings are made every three months.

Under Social Security law, the employer deducts one and one-half percent of cash wages and matches this amount himself, sending the money quarterly with a report to the Collector of Internal Revenue. This rate of tax will apply until 1954.

BREED DAIRY COWS
Now and through January is a good time to breed open cows and heifers for early freshening next fall.

Cows should not be bred until 60 days after freshening.

Heifers of the smaller breeds should not be bred until they weigh 500 to 550 pounds, and those of the larger breeds weigh 600 to 625 pounds. Growth and development is a safer guide than age.

If bred at these weights and kept in rapid growth until calving, heifers with the first calf will produce more than the average heifer with a second or third calf. The season is almost here for starting chicks needed for laying stock replacement next fall.

To get delivery when wanted, check now with the hatcheryman and place an order.

TIDE OF TOYS PROJECT START

Carrying the American yuletide spirit to almost every country outside the Soviet iron curtain, the American Legion will stage its Christmas "Tide of Toys" program for the second consecutive year.

Ralph M. Godwin, Mississippi Legion department commander, said that Bing Crosby has accepted the assignment as national chairman for the project and that Drew Pearson, noted columnist and commentator, will act as vice chairman.

Toy collections began on the day after Christmas when more than two hundred Mississippi Legion posts began the task of making up shipments of a quarter million playthings from the Magnolia state. On the national scene, almost 18,000 such community-wide moves are under way.

Godwin said that the toys will be shipped to Philadelphia, Pennsylvania, and to an unnamed California port for transshipment to Europe and the free Far East. The Territory of Puerto Rico will be included in the program for the first time.

Object of the program is the furnishing of Christmas toys to children of war-destitute countries resisting the pressure of aggression and attempting to maintain a free world. Transportation of the toys overseas will be provided by CARE, internationally known non-profit relief organization.

In conducting the drive, Commander Godwin said that children will be asked to donate one toy for shipment to children overseas who receive no Christmas cheer. The donors are encouraged to write notes or letters to accompany the toys.

The overall goal of the program is the shipment of ten million toys during January.

these guides when buying chicks. First, be sure the chicks are only U. S. Pullorum Passed or Clean.

Buy chicks close at home, from the local hatcheryman if possible. Chicks shipped a long distance may be exposed to extreme heat or cold, resulting in great death loss.

Pick up the chicks at the hatchery, or be sure they are delivered properly.

Buy one of the common breeds of chickens such as New Hampshire, Plymouth Rock, Leghorn or Rhode Island Red. And know the source of breeding.

South Pulpwood Association to meet

The interest and activity by the bankers in increasing the economic contribution of the southern tree crop will highlight the morning session of the annual meeting of the Southern Pulpwood Conservation Association to be held at the Atlanta Biltmore Hotel, Atlanta, Georgia, January 23, 1951. R. W. Wortham, Jr., President of the Association and Executive Vice President of the Southland Paper Mills, Lufkin, Texas, will preside at the meeting and present a summary of the Association's activities. H. J. Malsberger, general manager of the Association will present an annual report.

The balance of the morning's program will be devoted to a discussion of the bankers' activities in forestry, which will be led by G. G. Ware, Chairman of the Forestry Committee of the American Bankers' Association and President of the First National Bank of Leesburg, Florida. Eric Coker, President of the Fulton National Bank, in Atlanta, will describe the Georgia Bankers' tree planting program, which is now making such splendid progress in the state. A representative of the Federal Land Bank of Columbia, South Carolina, will report on the manner in which that bank makes timber loans to farmers.

The afternoon's program will be of great interest to the approximately 250 representatives of the Southern pulp and paper mills, suppliers of pulpwood, landowners, and representatives of public forestry agencies attending the meeting.

E. W. Tinker, Executive Secretary of the American Paper and Pulp Association will stress the important relationship of the South's production of pulp and paper to that of the United States. W. J. Damtoft, Assistant Secretary and Treasurer of the Champion Paper and Fibre Company, who has long been a leader in southern forest conservation activities, will discuss the progress of industrial forestry during the past fifty years, with special reference to that made in the South to which the pulpwood industry has made large contributions. The afternoon program will be concluded with remarks by M. H. Collet, Assistant to the Vice-President of the West Virginia Pulp and Paper Company, emphasizing the need for accelerating forest conservation work.

The evening program will be one of entertainment, presided over by J. E. Caffrey, Division Superintendent of the Woodlands Department of International Paper Company, at Georgetown, South Carolina.

Others taking office were Mrs. Bernard F. Farrelly, first vice-president; Mrs. Wayne Ducomb, second vice-president; Mrs. John Kachler, secretary; Mrs. H. L. Kergosien, treasurer; Mrs. Rene Bermond, corresponding secretary; Mrs. Nellus Rhodes, financial secretary; Mrs. George Stevenson, parliamentarian; Mrs. L. S. Elliott, publicity; and Mrs. Charles G. Moreau, chairman of visitors to the sick.

Following a report, given by Mrs. L. S. Elliott, on the December 13th meeting of the National Council of Catholic Women, at which the Altar Society was host, Mrs. Scott T. Assenheimer, retiring president, thanked the members for their cooperation during the two years she has served. She then introduced the officers and presented the new president a Christmas corsage and gold medal. Rt. Rev. Msgr. A. J. Gmelch, pastor of Our Lady of the Gulf, gave Mrs. Assenheimer a statue of the Blessed Mother in a frame in appreciation for her service.

A group of Altar Society members joined members of the four coast units of the N. C. C. W. Friday, December 22, at the Veterans Administration hospital in Gulfport to give a Christmas party for approximately 80 veterans in one of the wards. They worked through the National Council of Catholic Services.

Following the close of the meeting with a prayer by Rev. Father Edward P. Desmond, refreshments were served by Miss Kathleen Renshaw, Mrs. Assenheimer and Mrs. T. E. Schaffer, Jr. Hostesses for January will be Mrs. Piazza and Mrs. Farrelly.

A GIRL FOR HAYDENS

Mr. and Mrs. Lee Hayden announce the birth of a daughter Sunday, December 24 at Norman, Oklahoma. Mrs. Hayden is the former Margaret Ann Dantagnan of this city.

This baby is the first daughter in the Hayden family in three generations. Mr. Hayden's family resides in Pass Christian.

following the program on January 23, and a meeting of the Board of Directors, January 24, with election of new officers, will conclude the annual meeting of the Southern Pulpwood Conservation Association.

HOME AGENT NOTES

By MISS MADGE ALLRED

SOCIAL SECURITY

Do you have a maid, cook, or laundress or gardener? January 1 is a red-letter day for these and other farm and household labor. The social security tax law has been extended to cover them.

If you have a maid, cook or any other household help, farm laborer or yard boy who works as much as 24 days in any calendar quarter of the year and makes as much as \$50 in the same quarter, he is covered by social security.

The law requires that you deduct one and one-half cents from every dollar you pay the laborer and match it with an equal sum of money. At the end of the 3-month period you send that tax, with a report of wages paid, to the collector of internal revenue.

The household help and farm labor are not included in social security; in any quarter in which they fail to work at 24 days and earn as much as \$50 cash wages. Only cash wages are applicable; room and board do not count. Go by the post office and make application for a social security card for your household help and farm labor now.

OUTLOOK

1950 will be remembered as the year of spending. The trend since right after the war has been to, towards more spending, except during the first three quarters of 1949 when a slight leveling-off occurred. Spending was up again in the last quarter of 1949 and the 1950 spending shows quite an increase over that of the preceding year.

The outlook for 1951 is more money to spend, but less to spend it on. Taxes have already increased; credit is restricted and the defense production will cause a shortage in automobiles, houses, household equipment and other durable goods.

Electricity has been greatly expanded. Eighty-six percent of all farms had been electrified by June, 1950, an increase of 10 percent during the last 12 months. Clothing and household textiles may be short in some instances. The supply of new fibers is running short, with the lowest stockpile since 1946. Current mill consumption is running ahead of current production. No shortage is in sight for men's and women's wear, just an increase in price and a change toward less expensive garments.

Health and medical services are expanding each year. We have 22 new health centers and 40 hospitals either completed or

under construction. This is expected to bring adequate hospital service within a 15-mile radius of all people in Mississippi.

NEW YEAR'S EVE PARTY

Have the new year chase the old off the table. Take two dolls; dress one as a baby and put daisies on it reading 1951; the other doll can be dressed as father time with long cotton whiskers. Place both dolls on the table so it will appear that the New Year is chasing Father Time off the table.

REMEMBER WHEN

...this was your warmest friend

Those were the days when you took the heater with you... to the bedroom, the bath or the parlor. That was when heating at its best left "pockets" of cold air which made many parts of the house uncomfortable. Today, adequate, vented, automatic natural gas heating will keep every room in the house at "shirt-sleeve" temperature... with just the right amount of moisture for healthy indoor living. Get complete information on the new, improved GAS heating equipment from your dealer. Be sure it's adequate. Be sure it's vented. Be sure it's automatic. Be sure it's GAS.

The economy and dependability of natural gas service help bring about many of the modern conveniences that make our standard of living the highest on earth. Many factories that supply our daily essentials are fueled by natural gas. Yes, natural gas... and the companies which produce, process and deliver it... are an integral part of our economy... a good example of American private enterprise operating for the benefit of people in all walks of life.

Lang - Spence Wedding Celebrated

Miss Caryl Spence, daughter of Mr. and Mrs. Cary Spence, and John Lang, son of Mr. and Mrs. E. A. Lang, Sr., both of Pass Christian, were united in marriage Dec. 16 at 4 p. m. at St. Paul's Catholic Church with Rev. Father J. P. McGlade officiating at the double ring ceremony.

The bride, given in marriage by her father, was lovely in an imported chantilly lace gown which was made with a princess waist and a soft flowing paneled skirt which fell to an ankle-length; it was worn over satin. A brief fitted eon had covered buttons of the same material to the fitted neckline and the sleeves fell in a point over her hands.

Her veil of illusion was fingertip and held to her hair by a crown of orange blossoms. She carried a bouquet of orchids and lilies of the valley.

The bride's attendants were Miss Norma Gene Collins, of Baton Rouge, Louisiana, and Miss Elaine Fitzpatrick, of New Orleans, both classmates of the bride.

Eaton A. Lang, Jr., was best man and groomsmen were Jules Brown; ushers were Lee R. Spence, uncle of the bride, of Jackson, and William Welton, of New Orleans.

There was special music before and during the ceremony and the signing of the register. Hon. Mayor Frances J. Hursey rendered "Ave Maria" and "O Perfect Prayer." Mrs. Lelia Courtney presided at the organ and Mendelssohn's and Lohengrin's bridal choruses were used as the processional and recession.

The ceremony was followed by a reception at the Pass Christian Yacht Club.

The club lounge was decorated in a profusion of Christmas greens and white bells.

The reception line was composed of the bride and groom assisted by Mr. and Mrs. Spence, Mrs. J. H. Spence, Sr., Mrs. Henry Mellon, Mr. and Mrs. E. A. Lang and Miss Jane Lang.

Mrs. Minor E. Sutter, Mrs. E. A. Lang, Jr. and Mrs. H. S. Pulowski alternated in pouring punch; the tea girls were Miss Bobbie Ann Connell of New Orleans and Miss Catherine Purchner and Miss Linda De Metz.

The punch table was laid with an imported cutwork cloth and on either side silver candelabra held lighted white tapers. An arrangement of white snapdragons and chrysanthemums was placed in silver containers, and the centerpiece was a four-tiered wedding cake decorated with an arrangement of tulip flowers and chrysanthemums.

The cake table, which was centered with a four-tiered wedding cake topped by wedding bells, had an embroidered imported cloth and on either side silver candelabra held lighted tapers. The bride and groom cut the cake in traditional fashion.

Mrs. Lang is a graduate of St. Joseph's Academy of Bay St. Louis and attended the University of Mississippi.

The newly elected officers met Tuesday night at the Yacht Club and the following committee chairman appointments were made: Leo Allen, entertainment chairman; Prieur Leary, publicity; Sidney Ellis, fleet captain; Robert De Metz, house committee; Dr. Wesley W. Lake, fleet surgeon and Fred Sutter, Harbor Captain.

The Methodist Youth Fellowship entertained in the home of Col. and Mrs. Louis Fahion Wednesday night, December 20,

with a Christmas dinner.

The house was beautifully decorated with holly wreaths and other Christmas greens.

Gifts were exchanged around the Christmas tree and carols were sung by the group.

Boy Scout Troop 90, Beauregard District of New Orleans, spent the week-end at the scout camp on Menge avenue. There were four committeemen and sixteen boys at the camp and they report that they had a very cold but enjoyable weekend.

Paul Torgerson, son of Mr. and Mrs. Paul Torgerson, was awarded the Church of the God and Country merit badge at a Boy Scout Court of Award held at the City

Hall.

This award is equivalent in Scouting to the Congressional Medal of Honor.

Paul is the first boy along the Coast from Mobile to New Orleans to receive this outstanding reward.

Holiday guests in the home of Mr. and Mrs. William S. Rembert, Davis Avenue, include Mrs. Rembert's mother, and sister, Mrs. Sam Henderson, Jr., and Mrs. Doucie H. Porter, of New Orleans.
